About us

THB Verhoef has a rich history of providing high-quality products and services to our customers.

Founded by Adriaan Verhoef's parents nearly 50 years ago, we have grown to the preferred destination as the authorized distributor and premier stockist for the leading main European Original Equipment Manufacturers for spare parts.

Experts

At THB Verhoef, we pride ourselves on our deep expertise and knowledge of the industry, which allows us to offer our customers unparalleled service and support.

Any requirement?

Large stock

THB Verhoef offers a wide range of premium marine engine components made exclusively in Europe. As the largest stockist of these components sourced from the best OEM spare part manufacturers, we have the expertise and resources to provide our customers with high quality and reliability. We are committed to supplying only the highest quality components that meet Original Equipment Manufacturers standards, ensuring that your marine engines operate smoothly and efficiently. Our experienced team is dedicated to providing exceptional customer service and support.

The best brands

We are proud to be the authorized distributor and premier stockist for the leading European brands in the industry. Our spare parts manufacturers and suppliers have a long-dedicated specialization of over 50 years, which means that they have the true knowledge in-house and are always investing in innovation and product development. As business partner we also innovate and remain dedicated to providing you with the best products and services.

Our industry

We are fully aware that different industries have unique requirements and challenges.

That's why we offer a wide range of high-quality components and expert services to help you achieve the best performance in your industry, whether it's a diesel, gas, dual fuel or hydrogen engine. "Door to Deck" entails that our skilled team takes care of the entire process, ensuring a seamless transition from our warehouse to your engine room. Carried out with our own equipment, made for the job.

World Wide Network

Our clients operate in a global market and require reliable access to quality engine components, no matter where they are in the world. That's why we offer worldwide delivery services, sales & service partners, ensuring that our clients have access to the parts they need, when they need them.

Our carbon footprint

We are committed to reduce our environmental impact and promoting sustainability in every aspect of our business.
